Tao at sea - Retreat in Croatia 02th -12th June 2021

It is a relaxing – healing & recovering - improving retreat. Chikung and Tai chi chikung. Breathing through the skin and special breathing techniques absorb the sea climate through morning exercises. The sea air has a beneficial effect for lungs, kidneys & bones also skin. With meditation techniques we learn to build contact with spiritual components, purify the heart and soul to feed on natural resources and exchange essence with the sea. In the afternoon, Taoyin and Tai chi chikung will be practiced. Bone breathing at sea detoxifies bone marrow and mineralizes tissue.
